OBJECTIVE

As an aspiring professional with comprehensive experience specializing in programming, information technology, and web development, I am searching for a company that will provide opportunities for advancement.

SKILLS

WORK EXPERIENCE

American Lantern Press Fort Mill, SC
Sr Web Developer 11/2012 to 11/2016

Manage and maintain web systems and services. Troubleshoot and provide support to employees for company systems and software. Design and develop tools and utilities that integrate with existing systems and software.

Freelance 07/2008 to 11/2012
Web Developer

Plan, design, and develop web pages, sites, tools, systems, and graphics for client's needs. Find the appropriate services for each client and set up any accounts and services for the client's project. Created simplified workflows to allow clients ways to easily manage their projects.

Goodwill Publishers Gastonia, NC
Graphics Department 11/2007 to 07/2008

Handled printing and binding of employee and customer-related documents. Designed advertisement pages for clients in InDesign. Designed and created graphics for company projects and business affiliates.
